MIRAIT ONE Group

Health and Productivity Management Declaration

The MIRAIT ONE Group has established its Purpose as "Co-creating an exciting future through technology and challenge." Based on this purpose, we have clarified our mission and are committed to being a corporate group that continues to serve society.

To achieve this, we believe it is essential that not only our employees but also their families, who support them, remain physically and mentally healthy so that our employees can perform at their best. Recognizing that all our endeavors are built on the foundation of health, we, the company, labor union, and health insurance association, declare here that we will unite to promote Health and Productivity Management under the principle of "Work x Health."

SUGAHARA Hidemune
President and CEO
MIRAIT ONE Corporation
